

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Application No. 10/771,731 Art Unit: 3643  
Applicant: Harold Dean Summerlin  
Confirmation No. 4666 Examiner: Price, Thomas

DECLARATION

I, SCOTT MARSHALL REYNOLDS, declare under penalty of perjury under the laws of the state of Washington and of the United States:

I reside at 279 27<sup>th</sup> Ave., Longview Washington 98632.

I have used the following version of the invention disclosed and claimed in the above-referenced U.S. utility patent application on: the version set forth in claim 1-4.

I have used other designs of portable deer poles such as Flachs design. What I have found to be of more use with Summerlins design is that it picks up the animal from the feet using double pulleys and allows the head to stay on or near the ground. This is of much help with the larger game animals such as caribou and moose. Flachs designs, or others with single pulleys, are very difficult to pick up the larger game animals by the head. With animals with large horns, it is difficult to pull them all the way up for adequate cleaning.

Executed this 18 day of July 2005 at Longview Washington.

Scott Marshall Reynolds
